*in honour of your valuable contribution
as a volunteer.*

Volunteers regard themselves as ordinary people but, in fact, are our greatest resource and the heart and soul of our warm and caring City. As a volunteer, you can be extremely proud of the important role you play and the support you provide to your organization.

Your generous gift of time together with your dedication, enthusiasm, and selfless commitment to our communities, have made a difference in many lives.

*We thank you for caring and giving.
You are one of the reasons why Toronto is such
a great place to live!*
